

# MENTAL FITNESS 2021 SUMMER STEAM CAMP SAFETY PROTOCOLS

We are planning to open our summer camp for a limited amount of students based on a socially distanced and calculated building plan of our facilities. We will follow the most up to date guidance from the CDC at the time of opening, which may differ slightly from the info given here.

## **BUILDING PREPARATION**

- Cleaning & Sanitizing surfaces daily
- Mapping 3 ft multi-directional spaces for desks/tables
- Mounting outside electronic check-in/out device to limit persons entering

## **PPE REQUIREMENTS**

- Each staff member will be fully vaccinated.
- Each staff/student must wear a mask. Gaiters without attached filters are not acceptable.
- Students must wear masks at all times except for eating/drinking.

## **ENSURING PROPER AIR TRANSFER**

- Opening windows where possible
- Incorporating HEPA level air purifiers (several studies back this approach)
- Place oscillating fans in each open window to push old air out and bring new air in continuously
- If possible install HEPA air filters in HVAC system.

## **HAND-WASHING**

- Students will engage in frequent hand washing/bathroom breaks.
- FDA approved hand sanitizer will be provided at tables.

## REAL TEACHERS AVAILABLE

In most cases our teachers are certified and/or career child care professionals.

## STATE REGULATED

Our staff will follow Bright From The Start and CDC guidelines on safely operating child centered operations.

## NUTRITION

We will provide safely prepared but individually packaged hot meals and snacks for students.

## PROPOSED HOURS OF OPERATION

- Open Monday through Thursday
- Hours 8 a.m. - 5:30 p.m.
